EDUCATION

Bachelor of Technology in Computer Science and Engineering

Providence College of Engineering

2019 - 2023

Chengannur

Courses

- APJ Abdul Kalam Technological University

Higher Secondary Education in Computer Science

St.George Higher secondary school

2019

Muttar

Kerala State Higher Secondary Board

- XII

High School

St.George Higher Secondary School

2017

Muttar

Courses

- SSLC

INTERNSHIPS

Artificial Intelligence

PACELAB

Completed a one-week internship on Artificial Intelligence (AI) at PaceLab in association with the Institution of Engineering and Technology (IET)

Frontend Development Using Angular Framework

NeST Digital

Completed a one-week industrial immersion program on Frontend development using Angular Framework at NeST Digital

TECHNICAL SKILLS

Android Studio

C

Flutter

HTML5

CSS

Java

Python

Excel

UI UX Design

Javascript

PROJECTS

An Attendance Management System using Face Recognition

- Python with OpenCV for face recognition and real-time image processing. MongoDB for secure and scalable storage database , HTML/CSS/JavaScript for a user-friendly web interface designing.

An Android Application based Automatic Medicine Vending machine for Organizations using the Internet of Things

- Created an Android application using Java in Android Studio, integrated with an IoT-based Automatic Medicine Vending Machine using ESP32 and Arduino IDE. Employed Figma for UI/UX design, Google Firebase as the real-time database, and GitHub for app hosting and version control.

CERTIFICATES

National Level Workshop on Build Humanoid Walking Robot

National Level Workshop on Build Humanoid Walking Robot organized by Indian Institute of Technology (IIT), Roorkee

Introduction to AWS IoT Analytics

Completed training on Introduction to AWS IoT Analytics organized by Amazon Web Services (AWS)

Workshop on Artificial Intelligence

Workshop on Artificial Intelligence Workshop on Artificial Intelligence organized by National Institute of Technology (NIT), Calicut

LANGUAGES

English
